Colour variances may occur between fabric production batches. These variances are within industry tolerances, but please check fabric prior to cutting.

**Care:** Fabric should be regularly dusted / vacuumed as appropriate and may be wet cleaned to remove grease or finger marks etc. Recommended cleaning agent is mild detergent in lukewarm water. Fabric may be sponged but severe rubbing should be avoided. White spirits may be used for spot cleaning; methylated spirits (ethanol) and dry cleaning solvent (Perc) must not be used. If commercial spot cleaners are used, then instructions regarding testing of an inconspicuous area should be followed.

**Warranty:** 2 years
